

Dear Hiring Manage,

I am writing you to apply to the position of Front End Developer. My three years of experience as a Front End Developer has honed my CSS3, HTML5, and JavaScript, React.js and Wordpress skills as well as my knowledge of mobile responsive design.

My professional experience includes bringing the wireframes of the UX designer to life through HTML5, CSS3, JavaScript, React.js and Wordpress as well as collaborating with Back End Developers to create a stellar finished product. I think my skills and experience makes me a great fit for your company.

Here are some of my most relevant qualifications and accomplishments:

Three years of experience as a Front End Developer.

Crafted various website features using HTML5 CSS3, JavaScript, React.js and Wordpress.

Developed and Implemented project scope and timelines based on the design-develop-deploy process.

Collaborated with UX designers and Back End Developers and ensured coherence between all parties.

Tested feature prototypes for bugs and user experience.

I know how important the details are for a Front End Developer. My keen attention to detail and dedication to solving any problem at hand are what separates me from other candidates with similar qualifications. If you agree that I'd be a good fit for your organization, I would love to schedule an interview at your earliest convenience.

Sincerely,

Olaniyan Mutiu A.
